

"Makin' the Hard Jobs Easy"

DC-32WH

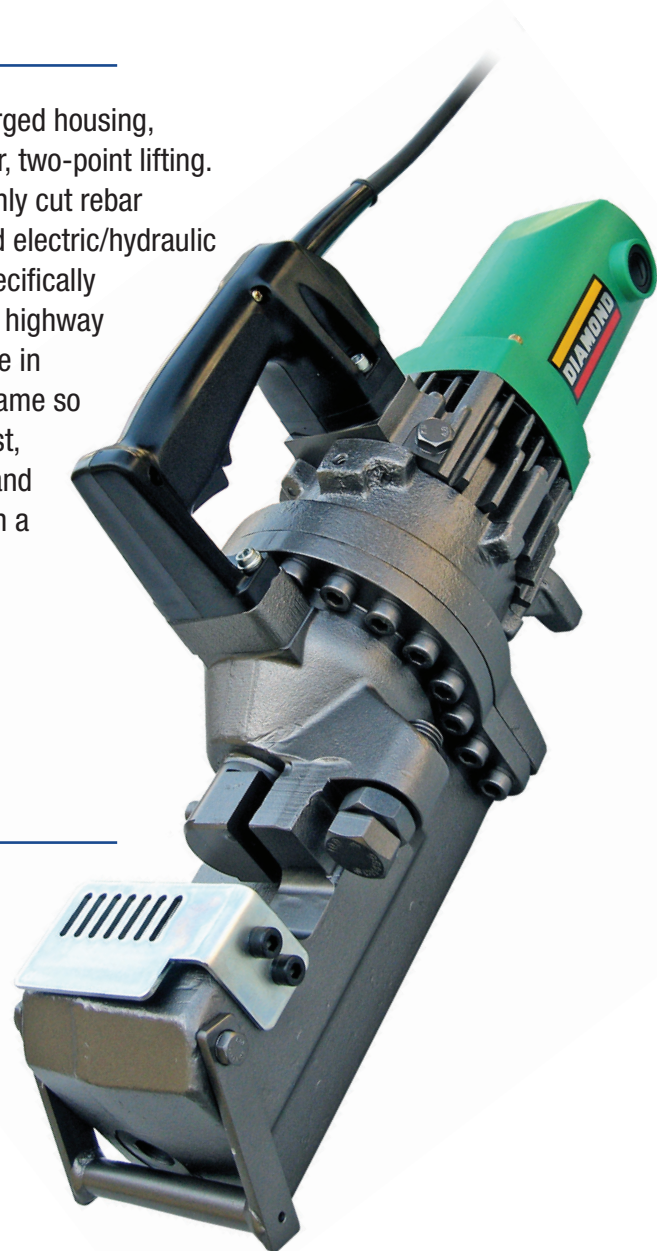

DC-32WH Rebar Cutter

Top-quality manufacturing, long life cutting blocks, superior forged housing, precision-balanced armature, double-insulated electrical motor, two-point lifting. This portable heavy-duty cutter will safely, efficiently, and cleanly cut rebar up to #10 (1 1/4") diameter grade 60 rebar. This self-contained electric/hydraulic unit will also cut other items like chain, bolts and rod but is specifically designed for rebar. The DC-32WH cutter is ideal for bridge and highway work, and in small rebar fabrication shops. This unit is available in combination with a DBD-32X bender. There are no sparks or flame so it also works great on epoxy coated rebar. It's the fastest, safest, and most economical way to cut rebar on the job. Our quality and selection is unmatched. The DC-32WH cutter ships complete in a wooden carrying case with hydraulic oil and tool kit.

Backed by our no-nonsense one (1) year warranty.

DC-25W Technical Data

- Cuts - 16mm(5/8") high tensile bar (650 N/mm2)
- Weighs - 8 kg
- Speed - Cuts in 2.5 seconds
- Voltage - 230 V
- Power output - 1050 W
- Dimensions (mm) - 460 x 270 x 115
- Cutting pressure - 13 tons
