SL-95YC with BP-80LI

FEATURES

The SL-95YC is the world first In-line type 12 ton Battery Operated large Cable Cutter.

This new powerful cutter can cut armored cables and popular underground cables.

The scissors type cutter head provides exceptional ease of use and maneuverability when making many cuts.

Wide open 95mm cutter blade design allows cutting larger cables.

High cutting force gives fast and smooth cutting performance

Two way handles give better control and positioning for many cuts and also works as a stand on the ground.
