HOSE & SEAL OFFS

58410 SERIES

The 3 Seal Off sizes are designed to cover all duct sizes from 1/2" to 6". Each of the units will attach directly onto the Seal Off Body which, in turn, attaches onto the Hose Assembly.

The Hose Assembly is made from crush-proof 2" hose and is 25 ft in length. At the end where the Seal Off Body attaches, there is a swivel connector allowing the body to be turned in any direction.

LINE DARTS

58300 SERIES

DCD Line Darts are unique for several reasons. The colour coded cones match the seal kits, series 58200. The edges of the cones are tapered to allow better flexing when required to go around bends etc. The thin edges will also flare out to give better sealing and faster blowing once under pressure. Spare cones are available and replacement is simple.

ULTRA LIGHT BIRDS

58320 SERIES

Ultra-Light birds are unique to DCD. They are made out of polyurethane and, as the name implies, are about half the weight of the regular Line Darts.

The cones are very tough yet extremely thin – so thin, in fact, that they can be easily inverted in the event that the dart gets stuck and it is necessary to pull them back out.
