

## DOUBLE LOCK ${ }^{\text {w }}$ TELESCOPING POLES

## SAVES SPACE - ADJUSTABLE HEIGHT

The leader in fiberglass poles brings you a high quality, lightweight telescoping pole that saves space and adjusts to fit your job

- Double locks (internal lock and external cap) ensure poles will not collapse. Count on a secure connection at any length for maximum versatility and safety.
- Lightweight, durable fiberglass will not crimp under high stress like aluminum poles.
- Compact for easier climbing and storage.

Not A "Hot Stick" - Not For Use On Energized Lines
For safety, Jameson does not recommend attaching additional poles or Big Shot to Telescoping Poles.

| TP-12 | 6-12' Length |
| :--- | :--- |
| TP-14 | 7-14' Length |

Fixed Mount JA-14S Pruner \& Rope

TP-12-14 6-12' Length
TP-14-14 7-14' Length

Ferrule allows the use of Pruner or Pole Saw with the same pole
