

PIPE THREADING MACHINES

SHOWCASE OF WHAT'S AVAILABLE IN HIRE

The CBC352 1/8" – 2"

Threading Machine

Free standing threading machine is a quick and effective machine capable of cutting and threading up to 2" pipe. Various thread chasers available. This machine is light and compact, easily moved by one person.

Technical Features

- Single-phase motor 230V-1500W/50Hz
- Gear pump for chaser lubrication
- Threading from 1/4 to 2" (remove with one die head)
- Emergency stop-button
- Dimensions: length 450 mm, width 360 mm, height 330 mm
- Auto fly off die head
- Oil and pipe stand supplied
- Weight: kg. 35

The CBC230 1/4" – 3"

Threading Machine

Free standing threading machine is a quick and effective machine capable of cutting and threading up to 3" tube. Various thread chasers available.

Technical Features

- Single-phase induction motor 230V-1500W/Kw 1,5/11 A
- Incorporated gear pump for chasers lubrication
- Emergency stop-button
- Dimensions: length 1200 mm, width 1100 mm, height with stand 1200 mm
- Conduit 16mm Ø – 63mm Ø
- Auto fly off die head
- Oil and pipe stand supplied
- Weight: kg. 60

PIPE THREADING MACHINES

SHOWCASE OF WHAT'S AVAILABLE IN HIRE

Power driven 916 Roll groover

The model 916 Roll Groover is the most durable and efficient lightweight, portable unit available. Built with a solid, durable cast iron housing it withstands heavy usage, yet is light enough for easy transportation. The 916 features a patented single stroke feed mechanism that allows for accurate operation quickly and effortlessly.

- Specifically designed for field service roll grooving applications.
- Cam-type feed actuation – translates into minimum operator effort.
- Lightweight, ightweight, allows for easy transport and storage.
- Integral feed handle is part of overall unit. No extra tools required.
- Easy serviceability – drive and groove rolls are easy to change.
- Depth adjustment screw separate from feed mechanism allows for consistent groove depth
- Pipe stand supplied

SPECS

1 ¼" – 6" Sch. 10 Steel, Stainless Steel
1 ¼" – 3" Sch. 40 Steel, Stainless Steel
1 ¼" – 1 ½" and 2" – 6" AWWA Roll Sets

Ridgid300 - 1/8" - 2" Threading Machine

This thread chaser is capable of cutting and threading 16-32mm Ø conduit. Various thread chasers are available.

- Self-Contained Oil System with adjustable flow control.
- Heavy-duty proven performance.
- Lightweight, portable design.
- Fast transport and set-up.
- Quiet operation.
- Oil and pipe steady supplied

Ridgid 690 – Hand Held Threading Machine

Light weight and portable, these machines are suitable for on-site pipe threading work. Supplied complete with a set of ½" - 2". chasers.

- Single phase 230V/50Hz
- Length: 600mm
- Weight: 8.5kg
- Chasers supplied: 1/2", 3/4", 1", 1 1/4", 1 1/2", 2" BSPT
